

Pull-over sleeve, PN 25/40

6901

Characteristics

- Screw-less, self-sealing connection element for steel pipes
- The sealing chamber is designed so that it seals automatically, even with low internal pressures in the pipe system.
- To be pushed over on both sides for the same pipe connection dimensions
- Temperature range -10°C to +50°C

Installation and assembly

- Pushing over the steel pipes
- Weld both ends with a fillet weld
- Destroy O-rings using a welding torch to check the seal

Material

- Stahl nach Norm DIN EN 10305 / 1, DIN EN 10305 / 2, DIN EN 10216 / 2, DIN EN 10216-1, DIN EN 10217-1 und DIN EN 10305-4 oder gleichwertig.
- Die Rollringe sind aus Moosgummi (EPDM) DIN 4060 gefertigt.
